HORRIBLE HOLOCAUST

One Hundred and Fifty Persons
Perish in Theater Fire
and Panic

By a panic and fire which ensued in a theater at Boyertown, Pa., Monday night 150 persons, mostly women and children, were trampled and burned to death.

The fire was caused by the explosion of a gasoline tank. The 700 people in the house became panic-stricken and choked the exits, nearly 200 perishing. The accident, one of the worst in the history of the country, was purely the result of carelessness.

FOURTH CLASS CITIES

Some Much Needed Legislation Wanted—County to Contribute to Library.

City Attorney James M. Collins and Dr. J. Allen Dodson represented this city at a meeting of Mayors of fourth class cities of the state at Frankfort Monday. The purpose of the assemblage was to consider legislation for the better government of cities or said class.

Among other matters to be embodied in a bill, presented by Mr. Collins, was that of collecting taxes, by which the Chief of Police of fourth class cities is given the same power as that now governing the Sheriff in the same line of duty.

Another was to amend the laws so as to allow the Fiscal Court of Mason county to contribute to the support of the Public Library of this city.

As matters now stand in regard to the Library the onus of keeping up this popular and notable institution falls entirely on the city, which contributes annually more than \$600.

The people of the county enjoy the pleasures and benefits to be derived from the Library in a larger ratio than the residents of the city, and that too at not one cent of expense to the county whatever.

While the County Judge and the Fiscal Court would willingly contribute a just proportion of

the expenses, as the law now stands the way is not clear for them to do so, and it is to mend matters by giving them a chance to help bear the burden of expense in supporting and oiling the financial grooves, that action has been taken in the matter.

The Library has become an indispensable institution alike to the school students, professional men and the reading public as well. It furnishes books of reference to the former and the best of all kinds of literature to the latter. Whatever may be done to advance the interest of the Library will meet with general approval.

CURE YOUR KIDNEYS.

Do Not Endanger Life When a Maysville Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys help they need to perform their work.

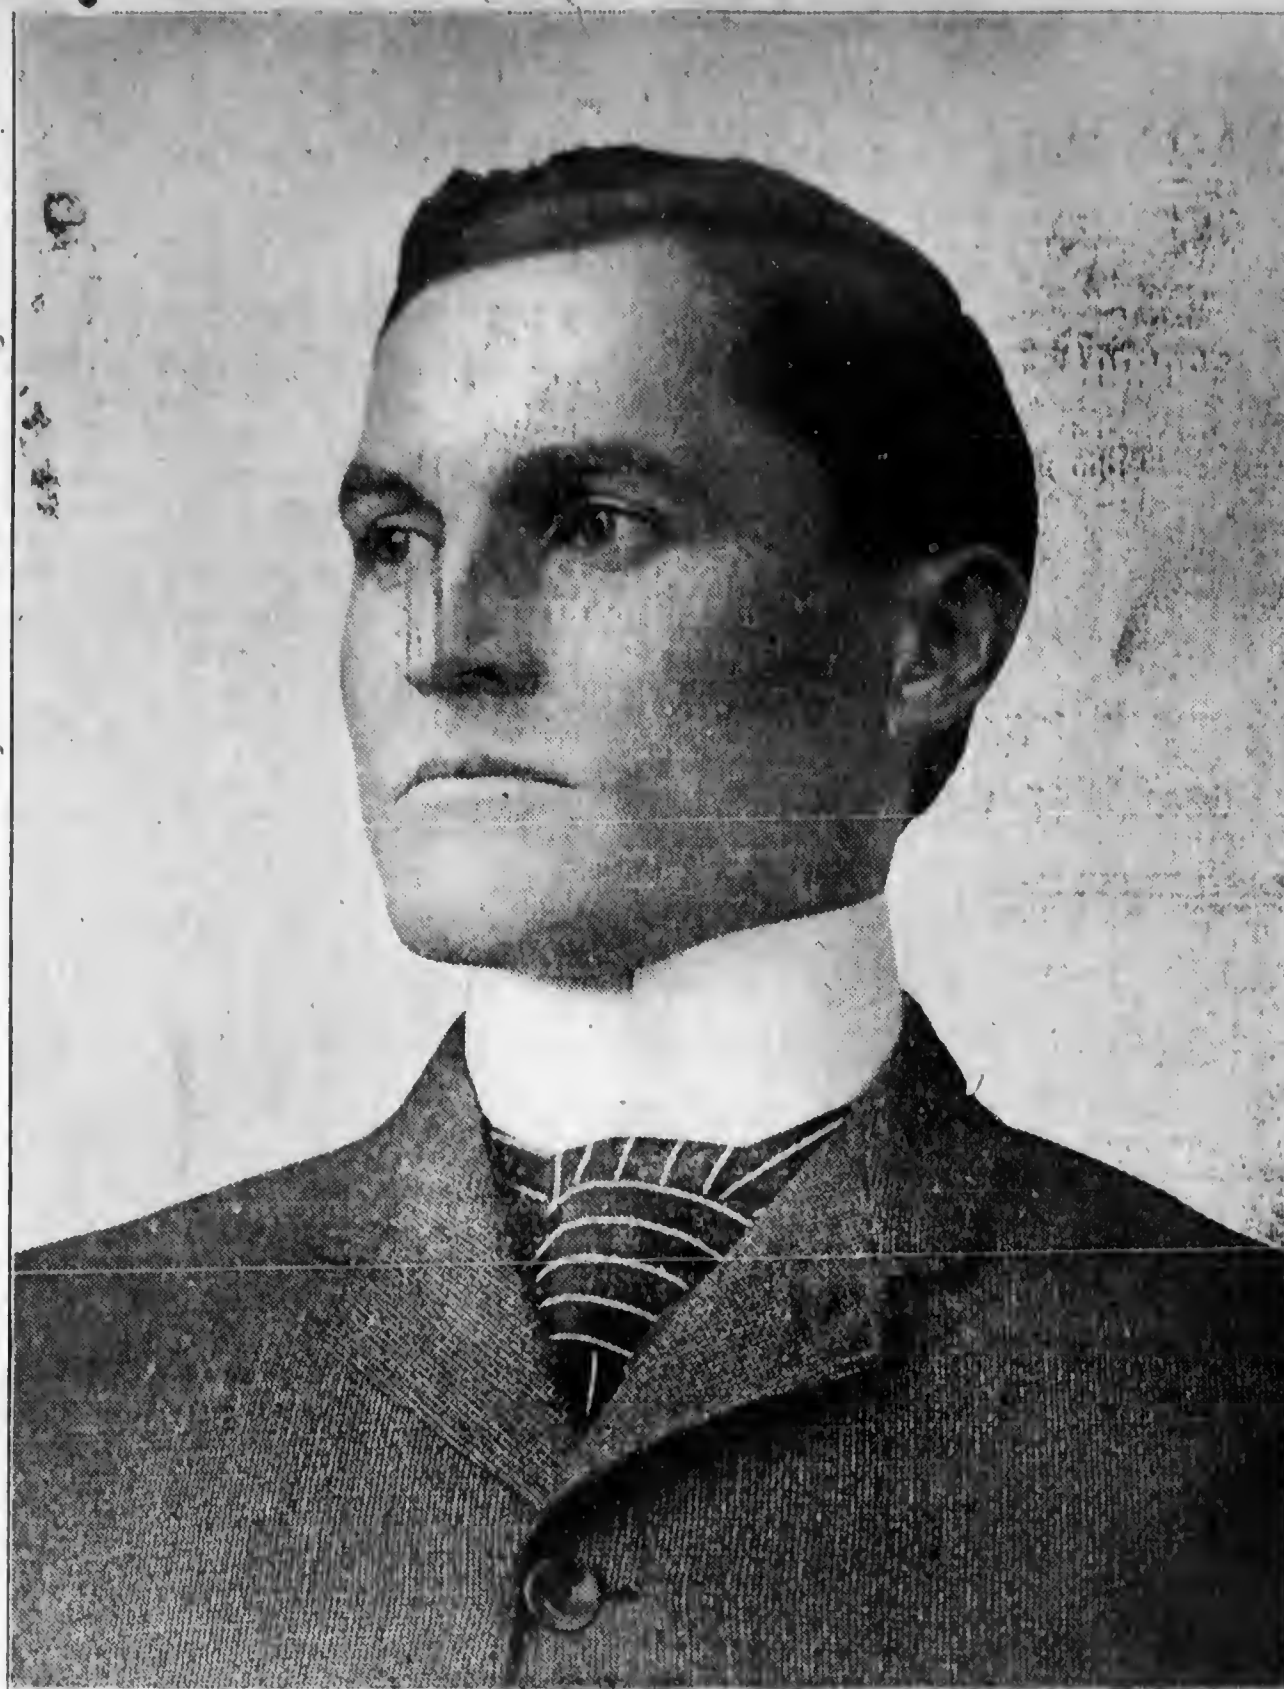

If you have any, even one, of the symptoms of kidney diseases cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Maysville testimony:

Mrs. E. Bridge, of 206 West Third street, Maysville, Ky., says:

In March, 1900, I gave a testimonial recommending Doan's Kidney Pills. I had been troubled with a lame back and weak kidneys from girlhood and in my efforts to find a cure tried many different remedies, but without benefit until I began using Doan's Kidney Pills, which I procured at J. Jas. Wood & Son's Drugstore. They went right to the cause of the trouble and as a result brought relief that led me to testify in their favor. I have never been without Doan's Kidney Pills in the house since. Every spring I take a box whether symptoms of kidney trouble are apparent or not, and in this way keep my kidneys in good condition."

For sale by all dealers. Price 50 cents per box. Foster-McIlburn Co., Buffalo, N. Y., sole agents for the United States.
Remember the name—Doan's—and take no other.

A PARDON FOR CALEB POWERS

GEORGETOWN, Ky., January 8th, 1908.

To the Public:

The undersigned citizens, constituting a committee having in charge the circulation of petitions asking the Governor of Kentucky to pardon Caleb Powers, present the following address in behalf of this movement:

Caleb Powers, charged with being an accessory before the fact to the murder of William Goebel, has been tried four times; three of said trials were held before Judges who were afterwards removed from the bench by affidavits setting out specific bias and prejudice against him. The Juries in his first three trials were intensely partisan, and the verdict of conviction in each of said trials was reversed by the highest Court in the Commonwealth. His recent trial and the result is fresh in the minds of the people. The last Jury, composed of 8 Democrats and 4 Republicans, stood 10 for acquittal. Notwithstanding this fact, and the long imprisonment and the poor health of Mr. Powers, the Court refused him bail, and fixed the time for his next trial six months hence.

For eight years this man has lain in the Jails of Kentucky. He has endured much. Patiently he has waited in the hope of final freedom by a Jury of his peers. He has made a brave, manly fight, asking no quarter, seeking no favor other than that guaranteed by the law of the land. His fight for freedom will live in history. Caleb Powers has no private fortune. The expense of these numerous trials has been enormous, the last one costing over \$10,000. We are reliably informed that the recent trial has exhausted what funds had been gathered by public contribution for his defense. Therefore he is entirely without means to stand another trial.

It was more than four years between the third and fourth trials of Mr. Powers; and while his case has been set for trial next summer, it is by no means certain that it will be tried then. We believe that the hour has arrived when the Governor should pardon this Dreyfus of American politics. In order that the people may know where to find petitions, we are mailing them to every Postmaster in each and every county of the state, asking for the signatures of all those who desire to join in this movement, irrespective of political affiliations.

We earnestly urge not only those who receive the petitions, but also some friend of Mr. Powers in every community in the state to make a thorough canvass of his vicinity in behalf of this long imprisoned man.

When all the signatures possible are secured, please mail them to "The Petition Committee," Georgetown, Ky., by February 1st, and earlier if possible.

Tobacco Trust Has Leased Land and Will Grow Its Own Tobacco

W. H. Blodgett, staff correspondent of The Indianapolis News, writing from Guthrie, Ky., says:
The American Tobacco Company, which is the tobacco trust, has obtained options on 45,000 acres of land and is negotiating for much more than that. Before it is done it will probably get 100,000 acres. It has employed practical tobacco farmers, and it is experimenting with the soil of Indiana to ascertain whether tobacco can be successfully raised in the Hoosier State, and if it can be, Indiana will be one of the greatest tobacco states in the Union. In Indiana about 8,000 acres of land is already used in the tobacco culture. It has now great warehouses in Warwick, Spencer and Ohio counties. Indiana at present raises about 7,000,000 pounds of tobacco a year.

Replaces That of William Goebel on All Commonwealth Checks By Order of the Governor

Governor Augustus E. Willson recently sent for Printing Commissioner Hedden and announced to him that from that date the likeness of Senator William Goebel which has appeared on all the checks of the Commonwealth for the past eight years would be done away with and that hereafter the checks of the Commonwealth would bear a likeness of Henry Clay.
Mr. Willson said he hoped his action would not be construed as partisan, for he had no feeling in the matter at all.
He said there had been too much factional and political strife in Kentucky and so far as it was within his power he proposed to obliterate from the state's business every reminder of strife and turmoil.

PUNY CHILDREN NEED VINOL
It Builds Them Up and Makes Them Strong and Robust.

Rev. George H. Harris, City Attorney J. M. Collins, Dr. J. Allen Dudson and Mr. Joseph Hechinger, all of this city, were passengers on the L. and N. train Monday night when the accident occurred at Pleasant Valley tunnel.

Rapid growth, overstudy, insufficient nourishment, convalescence after children's diseases, and run-down conditions make children thin and delicate and stunts development.

Because Vinol contains all the medicinal, bone, tissue and body-building elements of cod liver oil, actually taken from fresh cod's livers, the useless oil eliminated and peptonate of iron added, it quickly restores robust health and children love it.

Ringgold Lodge No. 27, I. O. O. F., will hold its regular meeting this evening at 7:30 at DeKalb Lodge Hall. J. C. CARRISON, N. G. Simon Nelson, Secretary.

Mrs. C. W. Stump of Canton, Ohio, writes: "I wish I could induce every mother who has a weak, sickly child to try that delicious cod liver preparation, Vinol, as it restored health and strength to our daughter after all else had failed."

We have never sold a medicine in our store equal to Vinol for delicate, weakly children, weak old people, or sickly women and children, and we return money if it fails to benefit.

It contains large Loan and Cash values. It provides Automatic Paid-up or Extended Insurance, and for Reinstatement at any time within FIVE YEARS after lapse.

NO OTHER company offers as many or so varied OPTIONS of settlement, under ANY or ALL of its policies combined, as THE NORTHWESTERN offers under its ONE policy.
